Betty Thomas

Betty Jean Thomas is today's Page One Miss. She attended Kozminski grammar school and received her high school diploma from Hyde Park high.

Jean finds dancing, swimming, sewing and cooking exotic meals while entertaining friends at her Southside pad to be her cup of tea. She finds all types of common folks as her most unusual hobby. "The different personalities and whims make the whole bowl of cherries interesting," she says.

Traveling across the United States would be a delight, but an acting career on the silver screen would really turn this "Miss" on.

She enjoys watching television shows like "Flip Wilson" and "Mission Impossible." Medicine and medical techniques hold a special place in her mind because once this gal wanted to become a registered nurse.
